

Make a statement with Bretton Park Sliderobes

The benefits of sliding door storage systems are well known. Their space saving characteristics, the ease of access they afford, and their sleek contemporary styling makes them a highly practical solution for the homes of today.

With contemporary styling, a wide choice of panel options, and the flexibility of a made to measure service.

Bretton Park sliding doors provide the ability to create unique designs tailored to your individual tastes.

Incorporating technology from Astin, one of the leading companies in the field of sliding doors, the Bretton Park system offers an additional touch of sophistication with an integrated soft closing mechanism providing a smooth and silent soft closing action.

The following pages feature a selection of inspirational room sets to provide you with ideas and suggestions of just what is possible with the Bretton Park sliding door system – choose from 7 standard panel configurations, over 40 stunning panel finish options, and a choice of matt aluminium or lacquered bronze frame finishes – we hope you will be inspired to be creative.

please note:

1. The pricing in this section is a guide only. A full costing will be confirmed within 48 hours of placing the order after being checked by the manufacturer.
2. This is a special order product that can't be cancelled/amended after ordering. Each item is bespoke to your order and a non return policy applies.

to order your sliding door system
complete this form and fax back
to JPD on **01924 439185**

1 CUSTOMER DETAILS

- ensure all your customer details are completed in full.
- when requesting the delivery date please remember that the standard lead time for orders is 15 working days.
- please order in advance if possible to allow JPD to process and manufacture your made to measure slide robes on time.

2 APERTURE & TRACK DETAILS

- ensure you supply dimensions for internal height, internal width and the width for either double or single track (this will usually be the same as the internal width measurement).
- the maximum height that doors can be manufactured to is 2400mm.
- if you are using up to 4 doors then a double track should be enough.
- if you are using up to 5 doors and above then a single track will also be required.

3 DOOR DETAILS

- tick the relevant box to select the profile finish you require - Matt Aluminium or Lacquered Bronze.
- if you wish to have soft closing mechanisms fitted to your doors please tick the relevant box.
note: soft close mechanisms must be specified at the point of ordering - they cannot be fitted afterwards. You will be supplied with one pair per door, please see price list for cost.
- if no soft mechanisms are specified, your doors will come with standard door stops fitted.

4 CONFIGURATION

- use the relevant column (A, A2, B etc.) to specify the quantity of doors you require.
- fill in the name of the Material you wish to specify eg. MFC, Glass etc.
- fill in the Colour of the material you require eg. Dark Walnut, Black etc.
- for doors with more than one panel fill in the Material and Colour options for each panel, starting at the top and working downwards. We recommend that no more than three Materials/Colours are used within the specification of each complete door - for example:

Configuration E

- Panel 1 - MFC / Woodgrain / Grey Brown / Ontario Walnut
- Panel 2 - Mirror / Bronze Mirror
- Panel 3 - Vinyl Wrapped Matt / Dakar
- Panel 4 - Mirror / Bronze Mirror
- Panel 5 - MFC / Woodgrain / Grey Brown / Ontario Walnut

5 INTERNAL STORAGE OPTIONS (see pages 99, 102-107)

- decors shown on page 99
- 8 simple storage solutions shown on page 102-103

6 ACCESSORIES (see pages 106-107)

7 BEDSIDE FURNITURE (see pages 98-101)

- drawer, cupboard and wall-hung options available.

Calculating the number of doors required
